

I just want to say thank you for the wonderful Reed course. Everybody loved it and you do a fantastic job!! I know I was not that successful at making reeds last week end in Berlin, but I plan of practicing here at home! When I am good at it then would be great to have you and Matthias Höfer come here at my home and we can have a reed making day out of it!

I now have all what I need to be successful at reed making thanks to you Hanstoni

Well hopefully see you in the near future or in Switzerland!!!!

Travis Meisner
